Professional Summary:

Motivated and reliable Computer Applications graduate currently pursuing MCA. Strong foundation in programming, web development, and Excel-based analysis. Interested in solving real-world problems while continuously improving technical and professional skills.

Technical Skills:

Languages & Markup: HTML, CSS, JavaScript, python

Frameworks & Libraries: React.js, Next.js, Bootstrap

Database & Development: Mongo DB, Basic MERN Stack

Project Experience:

Project 1 | Rihla AI – AI Travel Planner:

- The Rihla AI Travel Planner is a web-based AI-powered system developed to generate personalized travel itineraries and intelligent trip plans. It allows users to create, manage, and explore travel details.
- manage travel details (Trip Dashboard, Saved Trips, Tour Packages, AI Chatbot, Admin Panel).
- Create trip plans A form to generate AI-based itineraries with details like (Destination, Budget, Travel Style or Preferences)
- Create itinerary Allows users to generate travel plans by entering (Destination, Duration, Budget or Interests)

Project 2 | MyTank – Smart Water Tank Monitoring System:

- Designed and developed a smart water tank monitoring application using the MERN stack.
- Created responsive frontend modules and implemented React components. Integrated backend APIs to handle tank monitoring and automation data.
- Converted dashboard designs into responsive React components
- Implemented water level monitoring flows with automation and control inputs
- Built smart monitoring features for real-time tank management
- Developed dashboard-style monitoring views to visualize system activity
- Integrated backend APIs to store and retrieve monitoring system data

Internship Experience:

Ethical Intelligent Technologies LLP | Jan 2026 – Apr 2026

- Completed a 3-month internship as a Frontend Developer using React.js and Next.js.
- Worked on the “MyTank – Smart Water Tank Monitoring & Automation System” industry-level project.
- Developed responsive frontend interfaces and integrated backend APIs for web application modules.

Education:

- **Bachelor of Computer Applications**

Nadar College of arts and science | Aug 2022 – MAY 2024

Percentage: 78%

- **Master of Computer Applications**

Measi Institute of Information Technology | Jun 2024 — Apr 2026

Percentage: 82%

Courses:

- The Complete Full-Stack Web Development Bootcamp, Udemy
Nov 2025 — Present (Instructor: Dr. Angela Yu)
- Mern Stack Development – Futuro Focus
Jun 2025 — Present

Additional information:

- Languages: English, Tamil
